

European network of independent distributors

## Internship 2022-2023

### **About Europa Distribution**

With more than 115 members representing 30 countries in Europe and beyond, Europa Distribution is the European association of independent film publishers and distributors. It acts as a network, a think-tank and is the voice of independent distribution at European level.

**For over 16 years, Europa Distribution has been creating opportunities for its members to share knowledge and mutualise experiences. Through dedicated brainstorming, training sessions and informal gatherings, the Association constantly works to enhance the circulation of information and ideas and to improve the curation, promotion and distribution of independent films. Besides offering an insight on the world of independent distribution to other sectors of the film industry through its open panels, Europa Distribution also aims at helping its members to take a step back and look at the bigger picture of the constantly evolving audio-visual sector.**

The association organises and coordinates different workshops, public panels and partnerships. Through consulting and brainstorming with its Board and members, the association chooses the topics essential to cover, and takes care of finding and inviting experts with relevant experience regarding the defined subjects. It handles the workshops' logistics and establishes partnerships with the festivals that host the workshops and other events that can benefit and engage film distributors.

Europa Distribution gathers and delivers information on the subjects covered during the workshops and on what is going on for the sector, with a focus on publishing and distribution. It informs its members, but also all the different stakeholders of the audio-visual sector through mailing, newsletters, a blog and social networks. The association also develops and manages a collaborative tool to enable distributors to find out about their peers' releases.

**The association also acts as the voice of the independent distribution sector in Brussels and regularly participates, in its capacity as a recognised spokesman for independent film distribution, in round tables and consultations with the main European associations and institutions involved in the AV sector, to ensure that the priorities and concerns of its members are taken into consideration by policy makers.**

European network of independent distributors

### What is an independent film distributor?

In the film value chain, the distributor is the central link that connects the film to the audiences. The distributor acquires the rights (theatrical, DVD, Blu-Ray, VoD and TV) of films that will then be promoted and released locally. The distributor establishes the release date and strategy, takes care of all the promotion and covers the publishing costs. As true curators, key players in the circulation of films and cultural diversity, Europa Distribution's members release the majority of the films awarded at Cannes, Berlin or Venice.

### Tasks (non-exhaustive list)

The intern will assist Europa Distribution's team in their daily tasks - for example:

- Helping with the organisation of workshops: invitation of the members, contacts with the participants and partners, logistics, follow up, assessment and dissemination
- Communication: assisting in the redaction of newsletters and press releases, feeding the association's social networks (Facebook: [Europa Distribution](#), Twitter: [@EurDist](#), LinkedIn: [Europa Distribution](#));
- Gathering data and carrying surveys on the association's members

### Profile

- Academic studies in cultural management, communication or related studies.
- Responsible, autonomous and curious, with the necessary rigor to manage the little details.
- Open-minded with good public relations skills
